## NEPALESE HORTICULTURE

|    | TABLE OF CONTENTS  | n-   |
|----|--|------|
| 1. | Effect of Transplant Age and De-Topping on Seed Yield and Quality of Radish (Raphanus sativus L.), Variety Fourty Days   | Page |
|    | M. M. Shrestha, S. M. Shakya, M.D. Sharma and P.P. Subedi  | 1    |
| 2  | <ul> <li>Production Potential and Economic Returns of 'Mino Early' Radish Seed Crop<br/>and Legume Vegetable Intercropping System Under Mid-Hill Condition of Dailekh<br/>T.B. Poon</li> </ul>           | 6    |
| 3  | Nutrient Uptake by Potato in Humid Sub-Tropical Condition of Chitwan R. C. Adhikari, M. D. Sharma and K. B. Basnet   | 13   |
| 4  | Effect of Sowing Dates and Spacing of Hybrid True Potato Seed (TPS) Progenies on Yield of Seedling Tuber S. P. Dhakal, D. D. Dhakal, S. M. Shakya and T. L. Lama   | 23   |
| 5  | 5. Standardization of Optimum Time and Spacing for Transplanting of True Potato Seed Seedling at Khumaltar Condition R. C. Adhikari  | 33   |
| 6  | <ol> <li>Postharvest Evaluation of Tomato Cultivars for Agri-Business</li> <li>D. R. Bhattarai, H. N. Regmi and K. Budathoki</li> </ol>  | 39   |
| 7  | <ol> <li>Possible Causes of Poor Germination of Large Cardamom Seeds</li> <li>P. P. Khatiwada and A. J. Murdoch</li> </ol>   | 44   |
|    | <ol> <li>Effect of Nitrogen and Boron on Growth and Yield of Kharif Onion<br/>(Allium cepa L.) Cv. N-53</li> <li>I.P.Gautam And N.C.Pande</li> </ol>   | 56   |
|    | <ol> <li>Outbreak of Downy Mildew in Onion: A New Disease Recorded<br/>R.D. Timila</li> </ol>  | 61   |
|    | 10. Study on Some Organic Products against the Insect Pests of Cauliflower and Brinjal F. P. Neupane, N. Bhandari, R. R. Adhikari and R. Bhandari  | 64   |
|    | <ol> <li>Efficacy of Fungicides to Control <i>Phyllosticta</i> Leaf Spot of Ginger, Yield Loss and It's Economic Analysis under Mid Hills Conditions</li> <li>B. P. Sharma and J. R. Aacharya</li> </ol> | 76   |
|    | 12. Study on Coffee Diseases in Kavrepalanchok and Syangja Districts D. P. Dhakal and B. R. Khadge   | 84   |
|    | 13. Correlation Studies on Vegetative and Floral Characteristics in Gladiolus H.N. Regmi and G. Upreti   | 93   |
